

LUNCHTIME

Lunch Account login is for all parents in grades K-8. This system is provided by LunchTime Software and allows access to an individual account for each of your students. This system is where you can make deposits and view daily purchases. This system is connected to and can be accessed via the Student Grading System. However, as a matter of convenience because the Student Grading System is experiencing frequent trouble issues, please feel free to use this Lunch Account login as an easy way to gain access to your lunch account while avoiding the Student Grading System.

Parents who are new to the Lunch Account System and wish to register will find the registration process is self-explanatory.

LUNCH ACCOUNT REGISTRATION

Click LUNCH ACCOUNT in the Lion's Pride Portal section of our home page. This will open LunchTime in a new browser. Families who already have a Lunch Account from last year, will use your same username and password as before. You do not re-register.

Families who are new to the LunchTime Lunch Account will find the registration process to be self-explanatory but you will need to know the school zip code – 17601 and your student I.D. number.

You will then be able to access each of your student(s) accounts including the following options:

MAKE CAFETERIA DEPOSIT

Make a deposit to your student(s) account(s) by ACH checking account transfer or credit card payment. Please note, these transactions incur a fee of \$1.00 for checking account transfers and \$1.00 + 2.3% of the transaction amount for credit card.

Please note: We will continue to accept cafeteria payments (cash or check) in the school office.

CAFETERIA BALANCE/TRANSACTION INFORMATION

View daily purchase transactions for your student(s).

VIEW/SET/REMINDERS

Set up automated email notifications or auto replenish when your student(s) account falls below an amount you determine.
